Sewing

Separate the charm pack into colors and neutrals. Pair the color squares with neutral squares. Prints do not need to match. In fact, I tried not to match the prints.

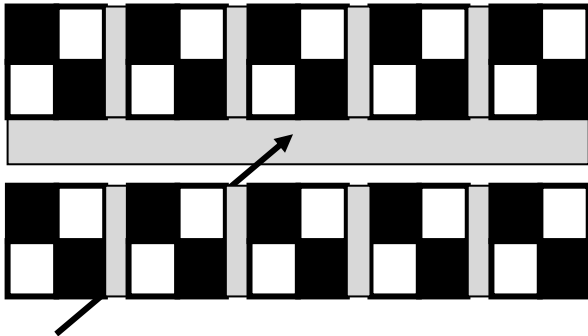

Sew the color and neutral squares into pairs. Press toward darker color. Make 20 pairs.

Sew the pairs into 4 patch blocks, matching the colors in the blocks. Make 10.

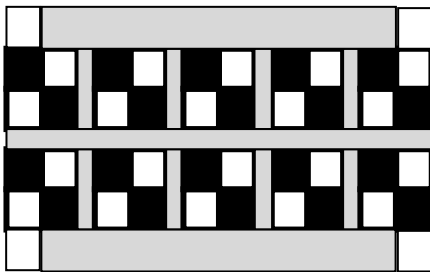

Arrange the 4 patch blocks in way that is pleasing to you, 5 blocks across. Alternate the way the color squares as shown. Add the sashing between the blocks as shown, pressing toward the sashing. Make 2 rows.

Measure your rows and cut your middle sashing to your measurement.

Cut the top and bottom borders to 21 1/2". Sew 2 different color squares the ends of the border strips. Make 2. Sew to the top and bottom of quilt.

Cut 2 - 5 1/2" border strips. Sew 1 square that matches the color square you sewed on the corresponding end of the border strip in the previous step. Then sew a contrasting color square for the corners. Quilt, bind and enjoy!
